With clear explanations and helpful examples, this book is ideal for anyone looking to boost their grammar skills and communicate more effectively in English. It's a great tool for self-study and can be used alongside any English course or learning program.
messages, we have made proper punctuation an endangered species. In Eats, Shoots & Leaves, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be tinkered with.

College Writing Carla J. Gerriets 2012 This study used an individualized writing program, called My Writing Lab, in a Foundations of English class at a tribal community college, in determination of scores as pre- and post-tests would improve in the areas of grammar and writing. Results of the study were mixed.
